

Cordially invites you to

# Latinos and Mental Health: Reducing the Disparities

Sponsored by:

**Thursday, April 29, 2010  
11:00 – 12:30 pm  
State Capitol, Room 447**

This legislative hearing will provide an overview on the needs of California's Latino community as it relates to mental health, provide an update on MHSA from the Latino perspective and identify ways that our community can advance the issue.

The hearing is meant to educate legislative staff, mental health advocates, Latino advocates and others interested in advancing a mental health agenda that is culturally and linguistically competent on the needs of the Latino community.

Additionally, we hope the hearing will continue to raise awareness and reduce the disparities on the needs of California's multicultural community.

To RSVP, please contact: Chad Silva 916-448-3234 or [csilva@lchc.org](mailto:csilva@lchc.org)
